## powerbank made from recycled aluminium 10.000 mAh

Product number: 3450303

Our power bank made from recycled aluminum combines modern design with powerful technology. With a capacity of 10,000 mAh, it ensures reliable charging on the go. The LCD display shows the current charge level, while the two USB ports and Type-C input offer versatile charging options for smartphones, tablets, and other devices. The durable aluminum housing makes the power bank both long-lasting and stylish. Your logo will be precisely laser-etched onto the casing, presenting your brand in an elegant and visible way.

**Product Highlights:**

- 10,000 mAh Capacity:** Provides ample power for multiple charging cycles.
- LCD Display:** Clearly indicates the power bank's charge level.
- 2 USB Ports & Type-C Input:** Flexible charging options for various devices.
- Recycled Aluminum:** Durable with a modern, high-quality appearance.
- Compact Design:** Easy to carry, perfect for on-the-go use.
- Logo Placement:** Your logo is laser-etched precisely and durably onto the casing for a professional brand presentation.
